

Let the church live out for Jesus

David Brackenbury

Key: F

Verse 1:

Church has never been the buildings
Or the halls in which we meet
Church has always been those changed by God's great grace
So when we are not together
We can still sing with one voice
From our homes there rises up a sound of praise

Chorus:

Let the church live out for Jesus
Joined as one to bring our praises
Let us show the hope within us
Let the church live out for Jesus in this world

Verse 2:

So when we come back together
And our harmonies ring out
Help us hold on to the lessons we have learned
That Your church cannot be silenced
Though the world turns upside down
As your faithfulness to us is reaffirmed

Verse 3:

We know there's a day that's coming
When our life on earth is through
We will get to meet our Saviour face to face
There we'll sing with all creation
Thanking God for what He's done
With a thousand generations joined in praise

Chorus 2:

And the church will sing for Jesus
Joined as one to bring our praises
Nothing left to come between us
And the church will sing for Jesus with one voice

Chorus 3:

When the roll is called up yonder
When the roll is called up yonder
When the roll is called up yonder
When the roll is called up yonder I'll be there
